linkedin.com/in/saurabhrranjan123/

MCA student with hands-on experience in MERN Stack development. Proficient in HTML, CSS, JavaScript, React, Node.js, Express.js, and MongoDB. Built full-stack web applications featuring authentication, real-time communication, and geospatial search. Possess foundational knowledge of AI and Machine Learning.

TECHNICAL SKILLS

Languages: C++, Python, JavaScript

Frontend: HTML, CSS, React.js

Backend: Node.js, Express.js

Database: MongoDB, PostgreSQL

Concepts: OOP

AI/ML: Basic knowledge of AI/ML, Neural Networks, Gen AI

PROJECTS

ShiftPe — Gig Marketplace Platform (MERN Stack) | (github.com/sam0123456/shiftpe_onlinejob)

- Built a full-stack MERN application where local businesses can post short-term gigs and college students can find and apply for them instantly.
- Added secure login for both students and businesses, keeping each user's data and actions separate and protected.
- Enabled the app to show only nearby gigs by using location-based search within a 10km radius.
- Designed a swipe-based interface, like a dating app, so students can quickly browse gigs, plus a live chat feature to message matched businesses instantly.

Hostel/PG Complaint Management System (MERN Stack) | (github.com/sam0123456/hostel-complaint-box)

- Built a MERN stack web application that helps students file hostel complaints and lets wardens manage and resolve them easily.
- Added secure login for students and wardens, so each user only sees and manages what's relevant to their role.
- Created a system to submit, track, and update complaints through clear stages — Pending, In Progress, and Resolved — plus the option to soft-delete old ones.
- Designed simple dashboards: students can submit complaints and check status, while wardens can filter and update complaints from one panel.

EDUCATION

MCA | RGPV Bhopal, M.P

CGPA: 8.35

2024 – 2026

BCA | AKU Patna, Bihar

CGPA: 8.11

2021 – 2024

Intermediate (12th) in Science | KVS

Percentage: 83.6%

2020 – 2021

Matric (10th) | KVS

Percentage: 78.8%

2018 – 2019

CERTIFICATIONS

- Networking Essentials (Cisco)
- Web Development Fundamentals (IBM)

INTERESTS

- Video Editing
- Exploring new tech
